Dear Gus:

I have ordered three SmokeGards to be sent parcel post at no charge. They should be shipped by Friday, February 14. We are running a little behind in production.

I will also be sending you ~~two~~ of the new versions which we will call SmokeGard II as soon as they are available, about the first week in March.

Please let me know anytime we can be of help in this way.

Sincerely yours,

STATITROL
