

# GENERAL MEMBERSHIP LUNCHEON PRESENTS HOT TOPIC!!

## *Small Business & Reaganomics*

**Duane D. Pearsall** 1976 Colorado & National Small Business person of the year, recipient of Mile High Sertoma Outstanding Citizen Award for 1978, presently President of Small Business Development Corporation of Golden and immediate Past President and current Chairman of the Board of Mountain States Association, will be our guest speaker at the February 19th General Membership Luncheon at the Hilton Inn South.

As CACI is to Colorado, the Mountain States Association is to the region. Mountain States Association, as it's known, is a long time association of Chamber executives which has taken on the new role of Regional Advocate for small business in the eight Rocky Mountain states. Its purpose is to bring a forceful, articulate message to Washington, D.C. through unified action and communication.

One major activity has been to represent the region's small businesses at the annual Washington presentation sponsored nationally by Small Business United.

To maximize its effectiveness Mountain States Association members are Chambers of Commerce, industry and

trade associations, and other independent organizations — not individual businesses.

Mr. Pearsall has been a prominent business figure in the Denver area. He brings an extensive business and civic background and will discuss his view of Reaganomics — one of today's compelling subjects of prime interest to all business people. Will our economy, wane and weak, respond to Reagan's economic prescription? What will its effects be on the business community? A dynamic speaker, these and many other facets of the present administration will be touched upon.

The speaker's affiliation and active participation with numerous business associations and boards uniquely qualifies him to speak on this timely subject. Some of his affiliations are, Vice-Chairman of the Colorado Council on Small Business (Governor's Council) and is a charter member, Small Business Council, U.S. Chamber of Commerce. Other activities include serving as Trustee on President's Leadership Institute, University of Colorado, member of the board of directors of Colorado Alliance of Business and Small Business Foundation, Waltham, Massachusetts, besides being on the Advisory Committees for School of Business, University of Denver, School of Business, Loretto Heights College. Also of mention is being selected Fire Protection Man of the Year, National Society of Fire Protection Engineers 1980. Presently he's on the Board of Directors for six corporations, Enervest, Inc., Mentor Corporations, Terayco Corporation, Hyatt Safety Systems, Vac-Tec Systems, Inc. and Metal Sales Company.

You won't want to miss this important event.

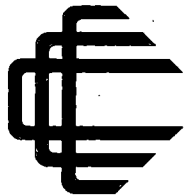

**FRIDAY, FEBRUARY 19, 1982**
