WORCESTER, MASS., APRIL 22, 1919

NO. 14

JUNIOR PROM

All plans for the Junior Prom are completed, and the committee will distribute the dance programs and the regular tickets from the office of the Athletic Association in the gymnasium. The Initial Tickets plus \$4.50 is all that is necessary.

The office will be open for exchange of tickets

Thursday, 4:00 to 5:45 P. M.

Saturday, 11:00 to 12:00 A. M.

Monday, 4:00 to 5:45 P. M.

The tickets for the Rensselaer game can be bought at this office and the tickets for "Polly With a Past" on the evening of May 3 will be on sale Monday at the latest at the same office. Every Tech man will have a chance to buy tickets before they go on sale to the public in general.

In case any man decides that he wants to go to the Prom at this late date, it will be possible for him to get dance programs. If there are not enough programs having leather covers, others will be furnished at a reduced rate. These are identical with the others except for the coverings.

The public is invited to the Rope-Pull. This comes right after the Rensselaer game and is in the same old place—Institute Pond.

STUDENT BRANCH OF A. S. M. E.

The first regular meeting of the student branch of A. S. M. E. was held in the M. E. Lecture Room at eleven o'clock last Wednesday morning. Vice President T. H. Ewing introduced the speaker, Mr. Howard of The Howard-Wesson Co., of Worcester.

Mr. Howard gave a fine lecture on the making of half tones, and also color engravings. He explained the process very well, telling how the photograph was first photographed through a screen, onto a metal plate. Then this plate is etched. Then he showed how a matrix of pasteboard was made from this and from the matrix the stereotype was made. He told us that the metal plate was used in the best engravings, but that the stereotype was used for newspaper work.

Then Mr. Howard showed how colored engravings were done, by having an engraving of the picture taken through different colors of glass, so that there would be an engraving for each color in the picture.

The lecture was attended by the Mechanics in the Sophomore, Junior and Senior classes. It is a new plan which is being worked out and the first lecture was certainly a success.

It might be of interest to state that Mr. Howard advertises in the NEWS and does all the cut work for the Aftermath and the NEWS.

SENIORS ELECT PERMANENT OFFICERS

At the meeting of the Senior class, held last Monday afternoon, the following men were elected permanent class officers: President, Judah H. Humphrey, Rochester; Vice President, Alden G. Carlson, Worcester; Secretary, Edwin W. Bemis, Holyoke; and Treasurer, George R. Rich, Worcester. The class picture was taken Wednesday noon in front of the E. E. building.

WELCOME YALE AND WESLEYAN

The only meeting of the New England Presidents' Conference open to all Tech men, will be one held in the E. E. Lecture Hall at 5:00 P. M., Friday, at which men from the Yale and Conn. Wesleyan Y. M. C. A.'s will tell something of the educational movements financed by them in the far East. Yale has built up a college in China which every year sends men to the United States to complete their education.

This is the first open meeting of Y. M. C. A. since the new Cabinet has been formed, and the first of a series so arranged as to bring Tech into a closer relationship with other New England colleges. Every man on the Hill can spend a very profitable forty-five minutes at this meeting and get some idea of the work carried on by other colleges off their campuses. Also, Tech and the "Y" here will be judged to a large extent by the number present, and we do not want to give Yale or Wesleyan representatives any impression of a lack of spirit.

WIRELESS ASSOCIATION MEETING

The annual meeting of the Wireless Association will be held Wednesday afternoon at 5:00 P. M. All members and those interested in radio work should attend. The law has gone off amateur wireless and the continuation of the purposes of this organization will be discussed. The meeting will be in the E. E. Building, Room 1.

FRESHMAN BANQUET

The Freshmen held their first banquet at the State Mutual Restaurant last night. About one hundred and twenty-five of the first year men were there. Everyone of the 1922 men spoke of the rosy outlook for May third.

The faculty guests of the evening were Professor Adams, Professor Morley, and Mr. Joslin. Toastmaster E. L. Sholz called on the class officers and other members during the evening.

The committee in charge consisted of: E. T. Sholz, N. T. Heffernan, W. E. Keith, P. W. Lundgren and H. T. Smith.

TECH LUCKY SEVENTH ONLY BEGINS STIFF DEFEAT FOR CONN. AGGIES

Heavy Hitting by Tech Gives 16-6 Victory

FIRST GAME OF SEASON GIVES W. P. I. FINE START

Fresh from a victory on their home field, the Connecticut Aggies came up to Alumni Field fondly expecting to repeat the stunt, but the proteges of Coach Swasey, taught them a lesson or two in the art of playing baseball. At the end of the game the score stood at 16 to 6 in the favor of Tech. For the first six innings it was a real game and the score remained about even. Bagley pitched sterling ball and the rest of the team supported him nobly, and Johnson, the Aggie pitcher, worked well though not as steadily as Bagley. In the seventh, however, Sorwin was put in for the Aggies, and as he had almost no control over the ball, he lasted only two innings. Marsh finished out the game, but the damage was done, and Tech just could not miss the ball.

Team Looks Like Real Stuff

This game, the first played on Alumni Field this year, shows what kind of a team Tech has this year. Behind the bat, Mason shows up like a big leaguer, and his throw to second is deadly for anyone trying to steal, as a few Aggies found out Saturday. The support of the infield could not have been better if the game had been played in the middle of the season.

In the outfield, Titcomb, Campbell, and Stoughton, and later Kushner, played a game which would be hard to touch. Toward the end of the game Sholz and Harney had a chance to romp over the plate with a couple of runs.

It was the hitting of the team that proved the main surprise of the game, because in previous years Tech had had a notoriously weak team in the lumber wielding department. Saturday, however, everybody on the baseball roster simply landed on the little round one with a nerve racking frequency and pounded it like the kaiser's dome.

Aggies Started Off Well

For the Aggies, Johnson pitched a fairly good game until the sixth inning, when he went to pieces. Mahoney, a Worcester boy, received his pitching in great style, and showed up fairly well with the bat. However, as one fan remarked, the catcher could not play the whole game alone, in fact he was far-

thest from the ball most of the time. The support was weak in critical moments and thus Tech was able to collect six runs in the seventh inning and seven in the eighth inning.

The crowd was fairly large when one considers that Saturday was a holiday and that many of the fellows had gone home, but it really was not enough to represent Tech at such a good game. The chief impression left on the crowd was the fact that Mason, who is a freshman and who caught on last year's North High school team, is surely the find of the season. The perfect harmony in which he and Bagley worked was indeed an important factor in Tech's overwhelming victory.

A week from next Saturday, Tech plays its second home game, with its old rival Rensselaer, and a much larger (Continued on Page 2, Col. 2.)

MUSICAL ASSOCIATION DANCE

The Musical Association will give a dance Saturday evening, April 20th, in the Gymnasium.

CALENDAR

- Tuesday**—Junior Class Picture 11:50 A. M.

BOOST TECH

EDITORIAL

It is with hearty approval and gratification that many of the alumni and students welcome the revival of Track at Tech. This sport, which, due to war conditions, was temporarily abandoned two years ago, has now been reconsidered by the Committee on Athletics, and upon the action of this body, work is now under way for the re-establishment of this sport in our athletic curriculum.

Tech's achievements in track, of past years, have been many and noteworthy. The teams which have represented us in this line have been stronger and more successful than those of the other sports. In fact, track has been, for years, the major sport at the Institute, and the display of banners and cups in the trophy room, as well as the track records made in previous years, stand as evidence of the abilities of our former stars.

The promotion of track activities on the Hill this spring is not for the purpose of gaining honors but chiefly with the intention of entering the New England Intercollegiate Track Meet next month and thereby retain the privilege of membership in that Association. It will also serve to bring out the track men, who are in school, and so get a line on the material available for next year's team.

The school is fortunate in having the services of Mr. Peck of the Chemistry Department as coach this year. Mr. Peck has done good work in this branch and has an all around knowledge of track work, so that with co-operation on the part of the candidates, the development of a first-class team should result.

It is strongly urged that anyone who has an aptitude for this branch of athletics, go out and try for the team. Even if you do lack experience and have doubts as to your abilities, take it up, if only for the beneficial effects of the exercise. If the old saying, "Practice makes perfect," is to be relied upon, an earnest, persistent worker need have no fears as to his success.

The higher the calibre of any team the greater the interest in it. Therefore it is up to us to put a track team in the field that will arouse the interest, not only of the fellows on the Hill, but also of those outside. Let us uphold Tech's name in athletics and by boosting them, boost Tech.

Tech Lucky Seventh Only Begins Stiff Defeat for Conn. Aggies

Continued from Page 1, Col. 4.)
representation of Tech students should be present on the field. This will doubtless be the case because it will be right in the middle of House Party week.

ley. Umpire: Beaulac. Time: 2h, 35 min.

Baseball Notes

With the first game of the season scheduled for Saturday, the men on the squad worked mighty hard and steadily on the days of the past week when it was possible to play. Rainy weather spoiled two days at the end of the week but because of their faithful work before they had no fear of the outcome of the battle. Tuesday afternoon the North High school team came up to the field and played a practice game with the Tech team. The score at the end was 6 to 5 in favor of Tech, but this signified nothing as to the ability of our team. The first string men were the ones who started the game, and as long as they were in North High did not score a run. Bagley pitched and had the youngsters puzzled for sure with his dazzling delivery. McGlincey and Hunt did not have as good luck, and the Trade team crept up on the score. The game showed that Tech has many mighty fine hitters on the roll. This was the main weakness of the team last year, but if those boys keep on swatting the pill as they have done in practice there will be some bill for new baseballs at the end of the year. Mason, Carlson, Titcomb, McCaffrey and McGlincey are showing how to wield the mighty ash, but there are no members of the squad who are so very far behind them in the art.

Next Saturday the team journeys to Amherst, where it will stack up against Massachusetts Aggies. Tech has a little score to settle with the Aggies, left over from the basketball season, and if Tech does not come out with the big end of the score, it will not be because they have not tried hard enough, but because the Aggies have a world beating collection of players. The same team that started the game Saturday will make the trip and McGlincey, Kushner, and Sholz or Currier will be taken along as well. With this combination going at full speed it will be some game.

COSMOPOLITAN CLUB

The Cosmopolitan Club, commencing activities this year with several new members, has up to the present, been principally occupied with business matters and plans for the future. Meetings will be held as often as possible, and topics of cosmopolitan interest will be discussed. President Hollis and other members of the Faculty who are members of the club will contribute largely to the interest of these meetings.

NEW ENGLAND PRESIDENTS' CONFERENCE

Tech welcomes this week the representatives of the colleges of New England. This unique opportunity comes to us partly in recognition of the fact that Tech has a Y. M. C. A. work which sets an excellent example to other colleges of what can be done in building up a well rounded program in a few years in a school which has never had such. Several colleges are just starting work in an organized way in the Y. M. C. A. this year, and these will be looking to see what we have here at Tech.

The Advisory Committee has made it possible to serve a real banquet to the delegates at the Gymnasium. State Mutual Restaurant will cater. The official Tech delegates will be Howes, '19; Hirst, '18; Drake '21; Fisher, '21; Whitmore, '21; Larson, '22.

Rev. John Logan Finley of Old South Church has invited the conference to meet at the church on Sunday morning for a short session and to attend the regular church service. He has also consented to preach a special sermon for the occasion.

Among the leaders and speakers for the conference are Prof. Fitch of Amherst, Clarence P. Shedd of the State Y. M. C. A. Committee, and David R. Porter, the head of the Student Y. M. C. A. work for the entire United States.

Every student should hear the story to be told by Yale and Wesleyan on Friday at 5:00 P. M.

AFTERMATH

The Aftermath Board has been busy the past week visiting the class meetings of the Junior and Sophomore classes in order to obtain subscriptions for the Aftermath. Both classes subscribed to the book very well, but there are still many men in both classes who have not yet signed their name to the necessary piece of paper, and it is hoped that a large number will order a copy before it is too late. The Board is very anxious to obtain more drawings and grinds, so if any one can draw anything funny and original, or knows any jokes on some of the faculty, now is his chance to secure undying fame for himself by coming across with something good. All contributions should be dropped in the Aftermath Box as soon as possible.

CLASS NOTES

The Junior class was again forced to postpone their picture. This picture will be taken without fail after the Economics lecture this Tuesday at 11:50 A. M.

The Sophomores were out strong on the rope Tuesday afternoon. The second year men expect to make the Freshmen smell pure and unadulterated CH₄ plus H₂S" bubbling from the depths of Institute Pond.

At the Freshman class meeting, Pres. Scholz announced that the class banquet would be at the State Mutual Restaurant April 21st, at 8:00 P. M.; price \$2.00. Captain Shirley of the rope pull team spoke of the lack of pep shown by the classmen in turning out for practice. The Freshmen were out Wednesday afternoon on the rope.

RIFLE SCORES

As a result of the fourth and fifth rifle matches, Tech is now in third place and is expected to be still nearer the top when the official scores of this week come in:

The scores:

WEEK ENDING MARCH 29

	Total
Univ. of Penn.	992 3954
Syracuse University	977 3902
W. P. I.	969 3851

CAPT. ROBT. E. LAMB PROMOTED

Capt. Robert E. Lamb, C. A. C., a West Boylston boy who has been overseas since December, 1917, with the heavy artillery and anti-aircraft artillery, was reclassified early in February of this year and appointed post adjutant of general headquarters at Chaumont, France.

This has been confirmed by letters recently received, which gave details of his new work which, while somewhat strenuous, is so varied and interesting that he likes it.

In addition to the administration detail of the post, there is the daily formal guard mount of the post battalion, and much special ceremonial work, incident to the decoration by Gen. John J. Pershing of American and other heroes, with distinguished service crosses and congressional medals, also special ceremonies in honor of distinguished visitors. Among recent visitors for whom special snappy guard mounts and parades were put on have been the Prince of Wales and the king and queen of Belgium.

Capt. Lamb has had two opportunities to come home, but has decided to stay in France a while longer. His present address is Capt. Robert E. Lamb, C. A. C., post headquarters, G. H. Q., A. P. O. 706, A. E. F., France

INTER-FRATERNITY ATHLETICS

A meeting of representatives from all Tech Fraternities was held April 12th, in the Gym office, and a vigorous track and baseball program was planned. The delegates organized a permanent Inter-fraternity Track and Baseball Association, electing R. H. Pearson, '21, as president, and P. K. Davis, '21, secretary. The executive committee composed of one man from each Fraternity, is as follows:

A. T. O.	A. G. Carlson
D. T.	L. C. Lovell
L. K. A.	F. W. Guerin
P. G. P.	P. S. Sessions
P. S. K.	C. S. Stoughton
Sigma (Hebrew)	J. Kushner
S. A. E.	R. H. Pearson
T. C.	P. K. Davis

The Inter-fraternity Track Meet will be held on Alumni Field at 2:30 P. M., Saturday, April 26, and should prove valuable in locating Varsity men for the Springfield meet. All entries must be handed to Mr. Swasey or P. K. Davis before April 23.

Events: 100, 220, 440 yds., half-mile, mile runs; low and high hurdles; broad and high jumps; pole vault, discus throwing, shot put. All Fraternity men, whether on varsity squads or not, are eligible, and this also applies to baseball. Two entries from a Fraternity in each event are allowed. A silver mounted shield will be the permanent trophy of the Fraternity, winning the meet.

The Inter-fraternity baseball series also begins this week, and the Association has ruled that each game shall be played five innings a least, and seven if possible. The morning games are called at 6:30 A. M.; the time of the afternoon games is not yet settled. The baseball trophy must be won for three years, though not necessarily in succession, in order to become a permanent possession.
