

Dear Doctor Pearsall,

We have received your enrollment information and donation and would like to welcome you as a participant in the National Flight Log.

This contribution not only honors you, but directly supports the Foundation's efforts to expand and improve this very special Museum. The focus of the Museum is the preservation of the history and the heritage of Naval, Marine Corps and Coast Guard Aviation and the tradition of service to our country. Through these efforts the Museum also serves to educate the public.

Once again, thank you for your contribution to the National Flight Log program.

Sincerely,

Leslie M. Geiger
National Flight Log

Thank you for the update.
