EMPLOYEE NEWSLETTER OF STATITROL CORPORATION

A PERSONAL MESSAGE...

The past few weeks have been the most exciting and rewarding period of my life. Beginning with the shock of a "private" announcement Friday, May 7; to the meeting with the President in Washington on May 13; to the airport reception of the 14th, I still need to pinch myself once in awhile to know if it really happened.

The most exciting and rewarding highlight of all, was the reception you all participated in at the airport Friday, May 14th.

The many beautiful posters and signs, together with the cake reception at Plant #1 on May 17 and Plant #2 on May 18 --- all, it has just left me without words

to tell you all how much I appreciated your many beautiful expressions of happiness and pride in our Company.

I felt a tremendous thrill to realize that many of you were more excited over this award than even Marge and I.

To each of you, for your fantastic support; your personal time; your dedicated efforts and enthusiasm; making this national award the highlight of my life --- from both my wife, Marge, and I, please accept our heartfelt thanks.

* * * *

Gerald R. Ford, President of the United States, is pictured at left, shaking hands with Duane D. Pearsall, President of Statitrol.

On Saturday, May 5, a formal reception was given by the Board of Directors, to honor Duane's award.

The reception was attended by members of the Lakewood Chamber of Commerce, dignitaries from the local governments and members of the Statitrol organization.

MESSAGE FROM MARY...

"Our harried editor comes to my office each month, and asks what special health program is being promoted (that month).

This month is a special month---it is my month!

It is my time to let each of you know how happy I am to be a part of Statitrol, and a part of your life. It is my time to thank you for your friendship. A friendship which allows me to share your laughter; your tears; your fears; your joys, and to return your affection.

Thank you, friends."

JULY 4TH CELEBRATION...

The Statitrol Beard-growing contest and Costume contest will be judged on Friday, July 2nd. Details will be posted on the bulletin board in the Plant Cafeterias.

If you want to work on the Statitrol Float, please ask Lou Fearing or Chuck Allen what you can do to help.

COMPANY COMMENTS...

Erma Sellers (#800 Night Shift) recently took third place award in the Rocky Mtn. Ceramics Assn. Amateur's Division for her (first) "Free Form" Fired and Stained Ceramic.

Glenna and Brad Rich are celebrating their 3rd wedding anniversary on June 22.

Wedding bells will ring on June 21 for Raynita York (Plant Cafeteria) and Gary Stovall and on July 31, for Mark Wakefield and Joanne Stetson.

Beth Barrett (Personnel) was selected "Miss F.B.L.A." by fellow members of the Future Business Leaders of America.

Ida Bertrand, "mother hen" of the Test Equipment Group, got the "boys" together for a Mexican luncheon on May 8. Master Chef Mike Martinez' contribution of his own chili, bit the dust (literally) when said chili, strapped to his "cycle", hit the parking lot of Frontier Chevrolet on the Boulder Turnpike!

Bob Baker, resident "fix-it man", starred in the Statitrol version of "One Flew Over the Cuckoo's Nest", after crawling in the ceiling space above the personnel offices to remove a family of birds who had made Statitrol its permanent residence! The birds were duly checked out by Bev Carey, "resident humanitarian", who permitted Bob to release the winged creatures. Bev spent a great part of the winter feeding lettuce to the rabbits in the parking area. Will we see her digging for worms???

Lu Ann Link was held up at the security check station at Stapleton Airport when two busloads of employees met Duane on his triumphant return from Washington.

Her "expectant" state was not the inhibiting factor! Lu Ann wears a great deal of metal jewelry...some of which is not visible to the naked eye.

Frank Lineaweaver, International Marketing Manager, had a close brush with death on his last trip abroad. Driving through Ireland, his car was in a collision causing lacerations and whiplash to distributors Brendan and John Woods, and a mild concussion to Frank. We're happy to see him back safe and sound.

NEW PEOPLE YOU'LL WANT TO KNOW...

Jack Wilson (pictured above), is our new Director of Administration. He came out of early retirement from Powers Regulator, and will be involved in corporate planning; reviewing management and personnel procedures and policies, including middle and upper management hiring; job descriptions and salary administration.

Jack and his wife, Fern, live in the Hiwan area of Evergreen.

* * *

Dick Hillbrand (pictured above) is our new Manager of Facilities and Security. He was a partner in York Plumbing, Heating and Air Conditioning for 21 years before joining us, and will be in charge of facilities modification and improvement, maintenance of radiation records and approvals, security maintenance, and company-wide safety programs.

Dick, his wife, Dorothy, and their four children live in Denver.

RECIPE OF THE MONTH: YAKIMANDU

- 1 lb. lean, ground beef
- 1/2 medium onion (chopped)
- 1 egg
- 1 or 2 Tablespoons soy sauce
- Salt - to taste
- Pepper - a pinch
- 1/4 teaspoon MSG
- 1 teaspoon sesame seeds (ground)
- Won ton skins
- Oil (for frying)

Mix beef, onion, egg, soy sauce, salt, pepper, MSG and sesame seeds.

Place won ton skin flat on table or cutting board. Put one teaspoon of meat mixture on each skin, fold over and seal by pinching edges of won ton skin together (or pressed down with tines of a fork). You may make these into triangles or squares.

Fry in shallow, not-too-hot oil. (The won ton skins are made with egg and will easily over-brown. Be careful! They brown fast!) Turn; brown both sides. In one or two minutes, they are finished. Remove from oil at once after browning.

* A dip may be made from soy sauce, a little vinegar and a little sesame seed powder.

Kun Hwa Han - #800 Line, No. 2

* * *

From left: Ruth White, Dottie Williams, Linda Fox, Virgie Sharp and Gene Goering

The Statitrol Women's Team bowled their Team Event in the W.I.B.C. National Tournament on April 29, at Celebrity Lanes. They had a 2359 series and will finish on June 3 with doubles and singles.

Traumatic moment happened the last night of league bowling, when Virgie's ball shattered into a hundred pieces!

Congratulations, Ladies, and good luck on June 3.

* * *

STATITROL'S MEN'S SOFTBALL got off to a roaring start with first game loss to the Lakewood Lumbo...score 18-15, and a second game win against the Double Bogeys...score 21-10.

We understand the games are strongly resembling the Philadelphia Flyers' hockey games!

How about your support? Every Tuesday nite!

* * *

The STATITROL'S LADIES' SOFTBALL TEAM fared even worse with the first three games lost to nameless competitors, however, they promise an unforgettable comeback in their next game by using a "secret weapon". (Maybe, the Men's Softball Team??)

A cheering section would be greatly appreciated! Every Thursday nite!
