ATHLETIC ASSOCIATION MEETING

At the annual mass meeting of the Worcester Polytechnic Institute Athletic Association held Oct. 10, 1919, M. B. Arthur, '20, was elected President; I. E. Manning, '21, Vice President; W. S. Titcomb, '21, Treasurer; C. H. Needham, '22, Secretary.

Art. X., Sect. 1; Art. IV., Sect. 6.; Art. IV., Sect. 9; Art. IV., Sect. 1, were amended. The following rule was added to the Rules Governing Insignia: "The Varsity 'W' shall be awarded to any athlete scoring three (3) points in an Eastern Intercollegiate A. A. meet."

A motion to the effect that the cheer leader receive a modified 'W' and that he shall be chosen by the Athletic Council from candidate cheer leaders, passed after much discussion. A mass meeting will be held in the near future to make an amendment of the Constitution to that effect.

TWO WEEKS' NOTICE OF AMENDMENT TO A. A. CONSTITUTION

At the meeting of the Athletic Association on Oct. 10th, the following motion was passed: "It is moved that the W. P. I. A. A. constitution be amended to authorize the Athletic Council to elect and award suitable insignia to a cheer leader. This election and awarding of suitable insignia is to be judged in the same manner as that for managers and members of the various athletic teams (by competition)."

This amendment will be called up for action at the next meeting of the Association, not before Oct. 24.

BLANKET TAX

The total number of men who have paid their Blanket Tax has reached the 276 mark. This means that about 25% of those signing pledges have still to PAY UP.

ALUMNI HOME WEEK

The Executive Committee of the Alumni Association has arranged for a two-day gathering at the Institute on Friday and Saturday, Oct. 17 and 18, to consider several very serious and vital problems which are demanding immediate attention. The question of finance and of providing an adequate and permanent endowment for the Institute, the question of adding business engineering courses and the question of increased alumni representation on the board of trustees will be discussed. The officers of all the branch alumni organizations, and certain of the other more prominent or wealthy members are being invited to attend. The first day will be devoted to seeing and hearing, from all sources, the Institute's actual needs, and inspection trips will be made all over the Hill. Then on Saturday the assembly will be ready to act. The full program is as follows:

FRIDAY, OCT. 17

- 9:00 A. M. Assembly in Library (old chapel.)
- 10:00 A. M. Inspection of buildings and equipment.
- 1:00 P. M. Luncheon at the Institute (Boynton Hall Lunch Room.)
- 2:00 P. M. Assembly in Mechanical Engineering Lecture Room, where the following subjects will be presented and discussed:
- The Institute's Needs
President Ira N. Hollis
 - Graduate Representation on the Board of Trustees
Charles Baker, '93
 - Engineering Business Courses
Professor G. H. Haynes
 - Endowment and Income
Dr. Homer Gage
Victor E. Edwards, '83
George I. Rockwood, '88
- 7:30 P. M. Dinner with the Worcester County Alumni Association, at the State Mutual restaurant,
Hon. Charles G. Washburn, President of the Board of Trustees, presiding

SPEAKERS

- Professor W. W. Bird, Mechanical Engineering Department
Professor A. W. French, Civil Engineering Department
Professor W. L. Jennings, Chemistry Department
Professor H. B. Smith, Electrical Engineering Department
Hon. Frederick Fosdick, former Mayor of Fitchburg, Mass.

The Fitchburg Half Time School
SATURDAY, OCTOBER 18

- 10:00 A. M. Meeting for discussion and appointment of committees.

LARGE CROWD SEES SCRAPPY GAME

TECH SHOW WANTED.

At a meeting of the Dramatic Association held on Oct. 6th, the following officers were elected.—

- President, William W. Hall, '20
Vice Pres. Kenneth R. Perry, '21
Secretary, Raymond B. Heath, '20
Gen. Mgr., Norman C. Firth, '20
Bus. Mgr., W. Sewall Titcomb, '21
Stage Mgr., E. Irving Burleigh, '21
Adv. Manager, Howard E. Drake, '21

It was decided to open the competition for "Tech Show" manuscripts immediately. The prize for the writer of the best show is fifty dollars. All manuscripts—
(Continued on Page 2, Col. 3.)

THE ROPE PULL

The Juniors have finally decided on Saturday, the twenty-fifth of October, for the staging of the annual Sophomore-Freshman rope-pull. This contest is one in which the winning side must have a strong pull, not with but against its opponents, and consequently both classes are hard at work trying to develop the pull.

There was a conflict in the practice schedule arranged by the Junior committee, and as a result both the Freshman and the Sophomore teams appeared for practice Monday night. The Sophomores recommended that the Freshmen go take a good cold dip in the pond and get used to the bracing
(Continued on Page 2, Col. 2.)

OPENING DANCE

The first Tech dance of the season will be given by the Musical Association on Saturday evening, October 25th, in the gymnasium. This day is going to be a big one on the Hill. When our gridiron warriors are through with the Amherst players on the Alumni Field, the Freshmen and Sophomores are going to contend for rope-pull honors. After these two great occasions all Tech men should unite and celebrate at this dance that evening. The orchestra will be there with its music and jazz, so be sure to come.

A good-sized crowd watched Tech lose her first home game to Rensselaer. Tech played a fighting game and lost by hard luck in the last few minutes by a score 13-0.

The first period was not very exciting, neither team making any long gains. Tech succeeded in obtaining the ball on a fumble at the outset but lost it on down.

The second period was featured by Mason starting out with a fifteen-yard run and Russell making a forward pass good for twenty-five yards. Things looked good for Tech after Russell's gain, but they lost the ball near the twenty-yard line by a fumble. The second period ended on the forty-yard line, it being Rensselaer's ball.

As usual Tech came into the second half with lots of pep but did not make any long gains. Rensselaer made a twenty-five yard run but did not hold her gain. Tech's line held good but her backs did not seem to come through on the offensive.

The fourth period started out as those preceding it and it looked like a no-score game. In the last few minutes Rensselaer tried a forward pass. Tech failed to intercept it and a Rensselaer man caught the ball while lying on the ground. Meeting no interference he jumped up and carried the ball over for a touchdown. Rensselaer failed to kick the goal. Many disputed this touchdown, claiming the ball to be down when first caught by Rensselaer but no action was taken.

After the first touchdown Tech went into the game with her characteristic fourth period comeback and carried the ball for three first downs in succession. In forty-five seconds left to play, Tech tried several forward passes. Rensselaer robbed the last pass and ran it back for twenty-five yards. Tech's line held fast and Rensselaer was forced to punt. Morse took the punt but lost the ball when he was tackled. Rensselaer recovered the ball and carried it over for a second touchdown. The goal was kicked easily. Time was up a few seconds after the last touchdown.

Fielder and White played a scrappy

BOOST TECH

EDITORIAL

Our first home game gave us a chance to really see our team in action. Up to the last few minutes, we had a fine chance to win. But we didn't.

Nevertheless, no matter how the tide was running, the cheering section was certainly open to adverse criticism. Of course it was encouraging to see that a fair number of students attended, but that is no more than is expected.

The main trouble was the incessant cheering when our opponents were penalized. Naturally, we feel happy about it at the time but it increases our rivals' potential suspicion that the penalty is too severe. Altogether, it makes way for a fracture in otherwise friendly relations.

This seems like a small thing, but it is just these little impressions that go toward making up whole opinions. So be careful and show a true sportsman-like spirit at all times.

Tech Loses to Rensselaer in Her First Home Game

(Continued from Page 1, Col. 4.)
game. Sargent, Manning and Mason also showed up well.

Everybody will admit that luck was against Tech. Tech played a hard game and, in fact, gained more first downs than Rensselaer.

The Rope Pull

(Continued from Page 1, Col. 3.)
temperature of the water instead of digging up the turf on our front lawn. The Juniors, however, insisted that the Freshmen be given the rope for the first practice and that the Sophomores have it every other night after that.

The class of 1923 looks like a husky crew, and the members do not seem to be lacking in spirit, but they have a big contract on their hands in trying to defeat the Sophomores, as the Juniors can testify. Whether the Freshmen succeed in throwing cold water on the Sophomore plans remains to be seen on October twenty-fifth.

The Junior committee in charge of the Rope-Pull is H. S. Hunting, chairman; G. P. Condit, R. P. Jenness, P. K. Davis, and E. J. P. Fisher.

The Musical Association dance is being planned for this date also, and altogether Tech seems to be in for a big day. The Trinity game precedes the rope pull.

The Rope-Pull feature, at least, will be a spectacular event. Capt. Shirley of the Sophomore team has called upon all candidates to report for practice regularly, and intends to pick his men from those who drill most consistently, as well as from the huskies. With the large number of ex-service men in the Sophomore ranks there promises to be much competition.

The Freshman class has elected as its captain Roger Murphy.

FRESHMAN FOOTBALL

The Freshmen are getting in shape for their coming football game with the Sophomores. Capt. Bushnell's call for candidates was gladly responded to by many Freshmen. With such formidable material as there is in this year's Freshman class, it seems that the Sophomores will have to look out for their laurels. The exact date of the contest has not been decided, but it is understood that it will be in the near future.

Tech Show Wanted

(Continued from Page 1, Col. 3.)
scripts will have to be in soon after Thanksgiving, in order that the show may be picked, tryouts held, and the cast given their parts to study over the Christmas holidays. There are practically no restrictions to be observed in writing a show. Originality is the prime requisite, and it is preferable that the show deal with Tech life. At present there is only one completed manuscript ready for the judges' verdict, so far as known. That was written by Kyes and Forsdale, '18, and was to have been produced two years ago. When the show was called off, this manuscript was held over to be entered in this year's competition.

This is a fine opportunity for some of our numerous Poli and Worcester Theatre habitues to put into practice what they have learned after countless nights of front row meditation. Remember there is a fifty dollar prize that falls to the winner. The judges will be two members of the faculty and the coach, none of whom has been chosen yet.

It will probably be Tech's bad luck not to be able to engage Fred Carroll as coach again. He is a pastmaster at the art of producing Tech Shows, but he has moved to Boston. Every effort will be made to get Fred, but if this cannot be done another coach will be engaged at once.

Show prospects are bright this year. Many of the footlight idols of former productions are back in school,—Sargent, Heath, Hall, Perry, Drake, Briggs, Huggins, Nierendorf, Holmes, I. R. Smith, and perhaps a half dozen more. This means a spirited competition when tryouts come around and a corking good cast should result. The officers and managers are all experienced men, the association is fairly sound financially, and all in all the outlook was never better.

The big need now is manuscripts. This is a job for everyone—there is nothing to lose and undying fame and fifty dollars to win if you get the blue ribbon. Further notices will appear amongst these columns and on the bulletin boards. Watch for them, but start work now. Time is short and the need is pressing.

FRESHMEN MOVE BLEACHERS

Last Friday noon, the Freshman class, minus about a hundred lazy ones, moved a dozen of the bleachers from the diamond to the gridiron.

INTERCLASS BASEBALL RESULTS IN TIE

1922 vs. 1923

The first of a series of three games of fall baseball was played Thursday, on Alumni Field, between the Freshmen and the Sophs. Early in the fifth the "Ump." called the game on account of rain and darkness. The attendance, owing to the uncertainty in the weather, was quite small; but each group soon made known just what they considered "the dope" in Tech baseball. Much good material was unearthed and to those who like baseball, and were unable to see the first game, we'll give a little dope—it is, don't miss the next one.

To start the game, Capt. Coe of the Freshmen elected to take the field and everything was set when the first Soph, Colesworthy, stepped up to the plate.

Coe put up a good game for the Freshmen, also Bishop and Charinaid. Ed Bateson showed that to beat the Freshmen next time the Sophs would have to get a real batting eye.

McGlincy, Mason and Harney were the best for the Sophs. McGlincy tightened up in the pinches and proved that the Sophs were still there—his support was a bit ragged at times.

W. P. I. AT NORWICH UNIVERSITY CENTENNIAL

Professor Arthur D. Butterfield left Friday noon to attend the centennial celebration of Norwich University, at Northfield, Vt. He goes as the official representative of the Institute and will remain for the entire program, lasting from Oct. 10-14. Norwich stands unique as the only educational institution of collegiate rank in New England, if not in the whole country, which possesses a mounted cavalry corps, making military training along this line compulsory. This, the 100th anniversary of its founding, is to be marked by many interesting events, including the dedication of new cavalry stables, a great gathering of alumni, and an academic procession on the closing day. As the representative of a fellow college of engineering, Prof. Butterfield will carry to Norwich the Institute's hearty greeting and best wishes.

MECHANICAL ENGINEERING DEPARTMENT

The W. P. I. Student Branch of the A. S. M. E. will hold monthly meetings during the year. These meetings will be held on Fridays at 11:00 o'clock. Attendance will be required as it will be on Institute time.

At the meeting of the Norton Modern Business Club on Oct. 8, 1919, at the Norton Plant, Professor Bird gave a talk on "Business Management from the Engineer's Point of View."

Raymond L. Mathison, '19, has accepted a position as assistant to Mr. E. G. Watkins, '86, President of the Simplex Time Recorder Company of Gardner.

Clarence A. Brock, '13, is now with the Engineering Department of the Ford Motor Company, Detroit, Mich.

John A. C. Warner has accepted a position as sales engineer with Borne, Scrymser Co., 80 South Street, New York City. This company handles petroleum products.

SCOPTICAL CHYMISTS

A regular meeting of the Sceptical Chymists was held on Tuesday evening, Oct. 7, 1919, in the Rathskeller.

E. H. Winslow, '21, who worked for the General Electric Co., Pittsfield, Mass., this last year, gave an interesting account of his experience. His work was on Electric Furnaces for refining Steel.

C. N. Huggins, '20, told of his experiences with the Gas and Flame Troops, who were attached to the 1st Army Corps, A. E. F. These troops were well up in the front lines and saw some real service, that Mr. Huggins very ably told about.

J. W. Williams, '21, who was in the Naval Aviation during the war, spoke of his work with the Landers, Ferry & Clark Co. He was in the experimental laboratory, working on vacuum bottles. Refreshments were served.

CHEMICAL DEPARTMENT

Ralph G. Taylor, '17, has accepted a position with the A. D. Little Co., Boston, Mass.

TECH CARNIVAL

The following committee, consisting of one representative from each fraternity, has been appointed to look after the organization of the Carnival: M. W. Garland, chairman; Y. M. C. A. Entertainment Committee; R. G. Ferguson, Alpha Tau Omega; E. D. Johnson, Delta Tau; P. White, Lambda Chi Alpha; C. Frey, Phi Gamma Delta; F. W. Bauder, Phi Sigma Kappa; J. A. Turner, Sigma Alpha Epsilon; H. S. Carpenter, Theta Chi. No date has yet been set for the carnival but in all probability it will take place in December as in other years. The general program will be as usual, each fraternity putting on a vaudeville act. Great enthusiasm has already been shown on the part of the fraternities and this should make this year's carnival the best Tech has seen.

PAY THAT BLANKET TAX

After the current issue, only the students who have paid their Blanket Tax will receive the NEWS.

MUSICAL ACTIVITIES

The musical end of the activities on the Hill seems to be having a big boom. The various organizations are coming back to their old pre-war form and indications point to a very successful season.

On Tuesday last, the Glee Club held their try-outs. It is reported that over fifty men were present. Regular rehearsals will be held Tuesday evenings at seven o'clock.

Thursday the Tech Orchestra held its try-outs. Much fine material showed up. Regular rehearsals will be held on Friday each week.

The Mandolin Club held its second rehearsal Monday last week. A saxophone and 'cello are still needed. Rehearsals will be held on Mondays at five o'clock.
