ABOUT US

The Centro de Apoyo Mutuo (CAM) Las Carolinas is a self-managed project created by a group of women residents of the community six weeks after the passage of Hurricane Maria in 2017. It is located on the premises of the former elementary school María Montañez Gómez in the Las Carolinas community in Caguas. They provide hot meals to the most needy members of the community, including seniors, bedridden individuals, and their caregivers. The service is offered on Tuesdays and Thursdays.
