Trinity Takes 11-Inning Game

Errors Lose Game for Tech

Errors at critical times caused the Tech nine to go down to defeat before the strong Trinity team last Saturday. Luce was in the box for Tech and pitched a fine game, holding the Trinity sluggers to seven hits, five of which came in the third and fourth innings.

Trinity scored first in the third when Berkeley's home run, a single by Ferris and a triple by Kennedy netted two runs. In the next inning two singles, slow work by Woodman and an error by Bob Green gave them two more. After this Luce settled down and but for errors Tech should have pulled out a victory. Trinity added another brace of runs in the seventh, due chiefly to Wheeler's and Carlson's muffs of easy flies, Carlson's being more excusable than Wheeler's as the sun was in the third baseman's eyes.

Tech opened up in the fourth with a single tally, Wheeler and Stone knocking out clean singles. In the sixth, Tech showed some real baseball. Carlson was hit, and stole, scoring on Art Green's single. He made second, was sacrificed to third by Wheeler and scored on a passed ball. In the last half, Tech showed the real come back spirit and pushed the game into extra innings. Stone drew a pass, and after two easy outs, Brooks slammed a drive over second and there were two men on. Tomblen went in to bat for Reed and came through with a single, beating Murray's throw to first. Two runs came across. Royal ran for Tomblen and stole second. Frankie Luce was up in the pinch and scored him with a smashing drive to right. Carlson fouled out to Schmidt. Trinity went out in order in the tenth, while in Tech's half, Wheeler singled but Ferris pulled himself out of the hole by fanning the next two batters. Brooks dropped Leeke's easy fly in the next frame and scored when Ferris beat out Luce's throw to first. Bob Green opened Tech's half with a single, but died on third, and the game was over.

Commencement Week Program

Full Schedule for Seniors, June 4 to 8

The Commencement Week Committee has completed its plans for Senior Week, June 4 to 8. The plans call for a pretty full week commencing Sunday and ending with the Senior Dance, Thursday evening. Dr. Allyn K. Foster will deliver the Baccalaureate Sermon at Central Church, Sunday afternoon, June 4, while Rear-Admiral Austin M. Knight, U. S. N., President of the Naval War College, will deliver the Commencement Address. The following is the entire program.

Sunday, June 4, 3.15 p. m. Reception at the home of President and Mrs. Hollis for the baccalaureate preacher, the board of trustees, members of the faculty, and members of the graduating class.

4.00 p. m. Baccalaureate Sermon by Rev. Allyn K. Foster at Central Church. Monday, June 5. Clambake at Edgemere.

8.00 p. m. Ninth Annual Meeting of the Society of the Sigma Xi. Speaker, Dr. A. S. Cushman.

Tuesday, June 6, 10 a. m. Baseball—Civils-Electrics vs. Mechanics-Chemists.

3.00 p. m. Baseball—W. P. I. vs. New Hampshire State.

5.00-6.30 p. m. Open House at Fraternity Houses. Everyone welcome.

8.00 p. m. Senior Banquet at Sterling Inn.

Wednesday, June 7, 2 p. m. Class Day Exercises on Institute Grounds.

4.00 p. m. Buildings and Laboratories open for inspection.

4.30 to 5.30 p. m. Reception by President and Mrs. Hollis for the members of the graduating class and relatives.

Thursday, June 8, 10.30 a. m. Graduating exercises at Tuckerman Hall. Commencement address by Rear-Admiral Austin M. Knight, U. S. N., President of the Naval War College.

1.30 p. m. Dedication of the new gymnasium.

2.00 p. m. Alumni Dinner in gymnasium.

8.00 p. m. Senior Dance in gymnasium.

Harold Cleaveland is chairman of the committee in charge of Senior Week, the other members of the committee being R. W. T. Rieker, E. E. Royal, D. K. Beach and J. A. Blair.

Y. M. C. A. HANDBOOK

Work has commenced on the Y. M. C. A. Handbook for next year. Any corrections, additions, or suggestions of any nature will be welcomed by the committee, and should be made at once to Secretary Pierrell, or to any member of the committee, which consists of C. S. Darling, R. H. Smith, R. Sessions, A. H. Welch, and J. H. Humphrey.

Hitch over Tech-Holy Cross Game

Game to be Played on Alumni Field or Not at All

When the football schedule was given out some time ago, the place where the Holy Cross game should be played was undecided; and undecided it remains at present, at least from the Holy Cross standpoint. Athletic authorities at both schools have been discussing the matter for nearly two months and have been unable as yet to reach a decision.

At a meeting of the athletic council held last Monday it was decided that unless Holy Cross would consent to play the game on Alumni Field, no game should be played. The matter now rests with the Holy Cross athletic council.

Tech wanted to play last year's game on Alumni Field, but lack of seating capacity prevented. However, with the Worcester classic on Alumni Field, the authorities here consider that new stands would be a profitable investment. Holy Cross is willing to enter a ten-year contract, concerning the annual games, provided the first game is played on Fitton Field.

The game is the saving grace for the treasury of both institutions, and the receipts help to offset the poorer paying games of the season. The game means about \$500 a year to both teams and it is likely that Holy Cross will accede to the demands of the athletic association.

If the game is played on Alumni Field it will mean that new and larger stands will have to be provided.

LONG TRIP PLANNED FOR SENIOR ELECTRICS

Alumni to Entertain at Several Places

The annual trip of the senior electrics is to take place this year during the week commencing May 12th. Friday night the party will leave Union Station on the sleeping car for Stamford, Conn. In the morning they will inspect the overhead system of electric railroad transmission. Saturday afternoon will be spent in New York seeing the working of the Interborough Rapid Transit Co. and the Edison Co.

Sunday will be their day of rest as far as actual inspection work is concerned. Monday will find them in Pittsburgh, where they will visit the Westinghouse Electric Co. plant. The Worcester Tech Club of that city will be hosts at dinner. The Carnegie Steel Works and a Plate Glass Works will also be examined.

The power stations at Niagara Falls will claim their attention on the following day; while on the next they will journey to Schenectady. Here the party will see the General Electric Works. In Schenectady the Alumni Club will entertain the party.

Thursday the return trip will be made, either by way of the Hudson River and New York or through Albany directly to Worcester.

Colby Downed by Tech 65 - 58

Three Tech Records Lowered

Tech came through with a firm grip on last year's clean slate in track by springing a big surprise on Colby in Waterville last Saturday. However, the fight was keen in all of the events except the high jump and discus, the broad jump finally deciding the meet.

Colby's greatest set back came in the quarter-mile, when Captain Rieker, in spite of the wretched condition of the track, lowered Tech's record by two-fifths of a second with a mark of 50 3-5s. This is also the best time ever clocked in the State of Maine for this event. Powers also defeated Merrill, the Maine champ, for second place.

Tech made a clean sweep of the high jump, Schmidt breaking our record by three-quarters of an inch with a pretty leap of 5 ft. 8 1/4 in.

Colby's stronghold was in the weights, especially the discus in which they easily captured the three places.

The most interesting race was the two-mile in which Garland, the freshman find, easily won after teasing the Maine men for several laps.

In the hurdles, Taylor easily won the highs and then came across with crack form in the lows, setting a new mark of 26 and 2-5s. This was accomplished against the odds of the worst one of the curved lanes.

Gortman took first place in the pole vault with a flight of 10 feet 3 inches. He later tried for the record with the rod

(Continued on Page 5)

TECH BANQUET

Tonight is the time for one of the most important Tech functions of the year. It is the duty of every loyal man on the Hill to go to the Tech Banquet. The News wishes the committee in charge all the success possible and it knows that every man who attends will come away with a greater enthusiasm for Tech.

CALENDAR

- TUESDAY—5.00 p. m. Meeting TECH NEWS STAFF. TECH NEWS Bldg. 7.00 p. m. Tech Banquet. State Mutual Restaurant.
- WEDNESDAY—3.30 p. m. Baseball, Alumni Field. Tech vs. C. A. C.
- THURSDAY—Sanitary Civils and Chemists' inspection trip to Boston Harbor.
- FRIDAY—Junior Mechanics' trip to Hartford.
- SATURDAY—Baseball—Tech vs. Stevens. Hoboken, N. J. Track—Tech vs. N. H. State, Durham, N. H.
- SUNDAY—4.30 to 6.00 p. m. President and Mrs. Hollis at home to students.

BOOST TECH

Editorials

Providing new stands have to be built for football next year, it would seem reasonable to expect Tech to have an opportunity to stage the New England Intercollegiate on Alumni Field next year. Located in the heart of New England with excellent railroad and hotel facilities, Worcester would seem the ideal center for the annual meet. That, together with the fact that the track on Alumni Field is excelled by none in this section, should prove a strong case for Tech.

The action taken by the Athletic Council regarding the Holy Cross game was the only logical step which could be taken

in view of existing circumstances. Holy Cross has had the game on Fitton Field for many years and now that we have our own field, it seems but fair that the game should be played on Alumni Field at least on alternate years. Holy Cross admits its students to all games on tickets issued upon payment of their blanket tax, while the Tech delegation each year has paid the regular admission fee. So it is plain to see that Holy Cross has been getting the long end of the deal from two standpoints.

When only four men in a division voice any desire to see a varsity baseball game; when a senior has to inquire as to who the baseball manager is, and when any student on the Hill asks who Mr. Matthews is, there is something radically wrong. And yet these incidents have all taken place right here on Tech Hill. What is the reason? Do not the men take an interest in school activities? Is not the baseball manager's name on the bulletin boards several times a week? Is not Coach Matthews a personage of sufficient importance to fall within the range of their limited view? Wake up! Show a little interest in the world about you.

AN INSPIRATION

Once more our Alumni show how dear to their heart is their Alma Mater. Having accomplished the big work of building field and gymnasium, they now set their hands to the little things that count.

A letter such as was recently received by the baseball manager from the New York Alumni is an inspiration. There is no man, no team which will not work better if it knows that far away there is some one aching to give it a helping hand. To realize that one is not working alone is to gain a lap in any race toward success.

With the Alumni, students and faculty behind them, the nine can not help but win; and the Alumni have been the first to plainly indicate that they are wholeheartedly in the fight for a successful season.

Hail our loyal Alumni!

NOW FOR THE FINALS

Once more the final examinations are staring us in the face. For those who have faithfully performed the tasks set for them each day finals hold but little in store. To those who have kept undone those lessons which they should have done, we say, "Dig,—get your start now, and finish strong." It is never too late to mend, so get busy NOW, not tomorrow, for each day wasted means that much more to make up, if not now, then during the summer.

EXCHANGE NOTES

According to the Trinity College "Tri-pod" Ohio leads all other states in the number of colleges with 39. New York and Illinois follow with 38 and 35 respectively. Massachusetts comes sixth with 19.

Yale seniors recently filled out their statistical blanks. The amount spent by men during their four year's course varies from \$15,000 to \$800. The average cost per man was \$4073.

A NEW ORDER COMETH

Chinese Play a Success

Last Friday evening at Tuckerman Hall the Cosmopolitan Club presented the Chinese Play, "A New Order Cometh." The presentation from the opening piano selection to the closing lines, was excellent. Each part was clearly spoken and well acted.

In the first act, Chen, a Chinese student, was graduating from college, and was planning his summer work so that he might be near his sweetheart, Miss Wang. His air castles were shattered by the arrival of a telegram from his mother stating that she had arranged for his immediate marriage to a girl in China. The second act was the reception banquet given in honor of the home-coming students, Chen and his friend Lee. The advantages and disadvantages of chop sticks and knives and forks were shown. The two fellows disclosed the wisdom of the West by jokes localized for our grammarians and economists. In the third act, the bride-to-be, Miss Chow, learns from Lee that Chen has sacrificed the love of another that he may follow the order of his people. She and Lee send a note to Miss Wang with Chen's name signed to it, telling the girl in America to come back at once to China. In the fourth act the two lovers were reunited as were the thoughtful peacemakers. Ying-chu Lee and Shen-pu Wo as modern students and Wang and Huang as older scholars handled their parts well. Mr. Loo as Mrs. Chow, and K. F. Mok and K. P. Hu as servants helped to make the quality of the play high. Miss Tong and Miss Chang, the Wesley students, deserve much credit for their work. K. Y. Mok, one of our graduate students, spoke and acted as a professional player.

Between the acts, Mr. Chun with his Chinese harp and shuttlecock exhibition entertained the audience, and Mr. Yeh, as a magician, was given close attention. The play with elaborate costumes and scenery gave a very good idea of Chinese dress and customs. The Cosmopolitan Club deserves much praise for bringing to Tech this unique order of instructive entertainment.

BATES GAME

In by far the most interesting game of the season, Tech defeated Bates to the tune of 9-3 on the Alumni Field last Thursday. In all stages of the game Tech held the upper hand and at no time was in any real danger of defeat. Our big inning was the last of the second when, with the aid of Bates' first baseman, we put six runs across the plate. To start the fireworks, in this inning, Titcomb reached first on an easy grounder and "Bob" Green followed by the "4 balls!" method. Here "Art" Green executed a clever bunt, making three on base with none out. Reed knocked an easy grounder but owing to the looseness of the Bates infield, Reed was safe, with Titcomb and Green scoring. Woodman reached first on a mishandled infield hit and "Art" Green scored. Woodman was out on an attempted steal but Tomblen hit safely, scoring Reed. Carlson hit to the infield forcing Tomblen out but reaching first safely. Carlson stole second at once and Morse was walked by the Bates pitcher. Wheeler hit to the shortstop but a muff and a wild throw by the first baseman allowed Carlson and Morse to score. Titcomb fled out to Davis, closing the inning. The story of the game is in this inning, for here Tech clinched the game.

The feature of the game was a sensational stop of a hard drive by Reed, who by touching second base and making a snappy throw to first, completed a double play.

Tomblen pitched a steady and consistent game and well deserved the victory which he won. The team appeared to have confidence in itself and the outlook for a successful year never seems to have been brighter.

The only other scoring of the game was in the third and eighth innings. In the third, Davis was hit by a pitched ball, stole second and scored later on Logan's hard grounder. In the eighth, Bates got three men on base, two of whom scored on Lord's drive to left field. In the last of this inning Titcomb singled to center and scored on "Art" Green's "Texas Leaguer."

Green made home on Reed's wallop to center, who, in turn scored the last run on Stone's sacrifice.

The game was called at this point because the visiting team had to catch a train.

Arrangements are now complete for the Hop and a splendid time seems assured. The order of dances will be posted in Boynton Hall this week and the dance orders will be available on Monday, May 15th. There are still a few tickets which have not been reserved and any man desiring a ticket should see Chairman J. H. Reavey at once.

CHEMICAL NOTES

Dr. Nathan A. Cobb of the class of '81, at present with the Dept. of Agriculture, has been awarded a medal by the National Association of Cotton Manufacturers for having made the most valuable contribution to the textile industry during the past year. Dr. Cobb's work was "Methods of Determining the Length of Cotton Staple," and his paper was presented before the Association at the annual convention in Boston.

In the April number of the Chemical News, an English publication edited by Sir Wm. Crookes, is an article on the alloy "Stellite," by Elwood Haynes, class of '81. The article is a summary of Mr. Haynes' paper, presented by him at the Annual Meeting of the American Institute of Metals at Atlantic City last October.

The various classes at the Institute have been making the annual spring inspection trips to the industrial plants located in Worcester. The students in Industrial Chemistry under the direction of Dr. D. F. Calhane, have made visits to the Norton Company plant at Greendale, the American Steel & Wire Co., South Works, Quinsigamond, and the Worcester Gas Works.

The Senior class in Sanitation, including both civil engineers and chemists, will make the annual trip to Boston Harbor on May 11. Among the points of interest here are the garbage disposal plant and the methods for disposing of Boston sewage including the large pumping station. The men will be accompanied by Professor Bonnet of the department of chemistry and Prof. A. W. French of the department of civil engineering. They will be joined in Boston by Prof. G. C. Whipple of the Massachusetts Institute of Technology and students in Sanitary Engineering and students in Sanitary Engineering and the Massachusetts Institute of Technology.

RELAY LETTERS AWARDED

At a meeting of the Athletic Council held last Monday varsity track insignia were awarded to five men for their work on the relay team this season. The men to wear the "W" are: Ricker, Powers, Knowlton, Green and Cleveland.

JUNIOR MECHANICS' TRIP

To Inspect Hartford Plants

This week Friday, the junior mechanics leave in the wee small hours of the morning for Hartford, Conn., on an all-day inspection trip. Accompanied by Professor Fairfield they are to visit several of the large plants in Hartford, including the Colt Arms Co., the Underwood Typewriter Co., and Pratt and Whitney Co. Several of the party are to make the trip by automobile.

C. A. C. AND STEVENS THIS WEEK

The postponed game with C. A. C. is to be played this week Wednesday, at 3.30 p. m., "weather permitting." Judging from the advance "dope" and from the improvement shown by the team in the past week, C. A. C. should prove easy work for the team.

Friday night the team will leave for Hoboken, N. J., where they will play Stevens, Saturday afternoon. According to all reports, Tech will be well represented at the game, with the New York Alumni attending en masse. After the game the Alumni are to entertain the team at dinner and later at a theater party. Looks like some time for the team.

PROFESSOR CARPENTER VISITS TECH

Contracts Awarded

During the last three days of last week, Professor Carpenter, the newly appointed Physical Director, was at the Institute in conference with Professor Hollis, Professor Butterfield, and others. While here he looked over the new gym, discussed equipment, and acquainted himself with the Institute in general. Hour plans and the probable hours for gym work were also discussed.

The contract for the gym apparatus has been awarded to the Narragansett Machine Co., who were the lowest bidders. Lockers in the new building will be furnished by the Manufacturing Equipment and Engineering Co., of South Framingham. Sanford D. Leland '83 is the President and Manager of this company.

SKULL INITIATION BANQUET

The annual initiation banquet of the senior honorary society, Skull, was held last Wednesday evening at Sterling Inn.

ON TO NORTHFIELD
Why You Should Go To Northfield

To the uninitiated, it must first be explained that "Northfield" means the Student Conference held there each summer. It is a gathering of representatives from all the eastern colleges of the United States and Canada. In recent years the number of students enrolled has averaged about seven hundred.

The purposes of the conference may be called the three R's:—Rest, Recreation, and Religion. To the fellow who has worked overtime during final exams and Commencement, the camp life at Northfield comes as a delightful change. Quartered, four in a tent, on the roomy grounds of Northfield Seminary, with woods and mountains all around, and fine clear air to breathe, not to mention the good food

country, to listen to the best speakers of America and to meet in study groups, is an opportunity not lightly to be passed by. Raymond Robins, Sherwood Eddy, John R. Mott—these are a few of the big men at Northfield. Without cant or hypocrisy, they thresh out your problems of all sorts, and continually surprise you by the ease with which they get your view-point. There are no creeds at Northfield, except the basic one of Christian service.

Now for the ways and means of getting to the Conference. The expenses, including board, tent fees, Conference fees, and railroad round trip from Worcester, are about twenty dollars. The Conference this year will open Friday, June 23d, and close Sunday, July 2d. Last year Tech sent about twenty-five men, and more are hoped for this year. It is hard to make as brilliant a description of North-

ARLINGTON A. SMITH, Treasurer.

we have three times a day, even the most worn-out specimens of humanity show signs of life again. Both in its plan and surroundings, Northfield is supremely restful.

Nor are sports neglected. The Tech tents are directly facing six clay tennis-courts, while just beyond is the baseball field. Here also is held an intercollegiate track meet one afternoon during the conference. The Connecticut River, a quarter of a mile from the grounds, provides boating, although swimming is now forbidden because of previous accidents. Another very interesting feature of the conference is Stunt Night, at which the various college delegations, fantastically costumed, gather to give songs, cheers, and stunts. All Northfield turns out, eager to see the fun. Afterwards, a huge bonfire is kindled, the flames of which can be seen for miles around. Throughout the Conference, college spirit is fostered, and fun runs high.

But, first and last, the backbone of the Northfield Conference is its religion. To get away from the commercialized religion of the city, and, in the fresh air of the open

field as would suit the facts, but if you are interested, talk further with Mr. Pierrrel or any fellows who went last year. They can, to a man, tell you just why you should go to Northfield.

INTERFRATERNITY BASEBALL

A full week of good baseball weather permitted the playing of the full schedule of inter-fraternity baseball games last week. The scores are as follows: Theta Chi 15; Lambda Chi Alpha 10. Delta Tau 13; Phi Sima Kappa 7. Phi Gamma Delta 13; Alpha Tau Omega 5. Phi Gamma Delta 15; Phi Sigma Kappa 4. The standing of the teams in the league is:

TEAM	Games Won	Games Lost	%
Theta Chi	3	0	1.000
Phi Gamma Delta	3	1	.750
Alpha Tau Omega	1	1	.500
Delta Tau	1	2	.333
Lambda Chi Alpha	0	1	.000
Sigma Alpha Epsilon	0	1	.000
Phi Sigma Kappa	0	2	.000

NEW HAMPSHIRE STATE NEXT

Dual Meet in Durham Saturday

Friday morning the track team leaves for Durham, N. H., where it will compete against N. H. State, Friday afternoon. Manager Stenberg expects to take about the same team as competed against Colby last week.

Last week, N. H. trimmed Bates 64 to 62 in a meet where all the times were slower than were made in the Tech-Colby meet. In the field events Bates had the edge on N. H., so if comparative scores can be believed, Tech should win from N. H. The same day Trinity won from M. A. C. 72½ to 53½. Only in three events was any better mark set than in the Colby-Tech meet. M. A. C. won the mile in 4:34 4-5, and Trinity won the broad jump with a distance of 21.65 ft., while M. A. C. won the 880 in 2 min. 4 sec.

EXCHANGE NOTES

C. G. Derick of the chemistry class '06, now Professor of Organic Chemistry at the University of Illinois, is directing the erection of the new chemistry building, which it is expected will be ready for the meetings of the American Chemical Society during the week of April 18.

Charles A. Underwood, 1915, is chemist with the Aetna Explosives Company at Carnegie, Pa. At this plant, synthetic phenol is being made from "Rittman benzene." Among the products at this plant are salicylic acid, resorcinol and naphthalene.

COLBY DOWNED BY TECH 65-58

(Continued from Page 1)

at 11 feet but was hindred by a slight injury to his ankle.

Schmidt was high point winner. With his firsts in the broad and high jumps and seconds in the hurdles he gathered up 16 points. Captain Ricker scored 13 units, winning first in the 220 besides the quarter, and also second in the hundred.

Summary—

100 yds. dash—Won by Howes, C.; Ricker, W., 2d; Ferrill, C., 3d. Time, 10 1-5 sec.

1/4 mile run—Won by P. Thompson, C.; M. Thompson, C., 2d; Francis, W., 3d. Time, 4 min. 44 sec.

120 yds. hurdles—Won by Taylor, W.; Schmidt, W., 2d; Cary, C., 3d. Time, 16 4-5 sec.

440 yds. dash—Won by Ricker, W.; Powers, W., 2d; Merrill, C., 3d. Time, 50 3-5 sec. (New Tech record.)

220 yds. hurdles—Won by Taylor, W.; Schmidt, W., 2d; Weisman, C., 3d. Time, 26 2-5 sec. (New Tech record.)

880 yds. run—Won by M. Thompson, C.; Keith, W., 2d; Powers, W., 3d. Time, 2 min. 4 2-5 sec.

220 yds. dash—Won by Ricker, W.; Howes, C., 2d.; Ferrill, C., 3d. Time, 23 1-5 sec.

Two-mile run—Won by Garland, W.; O'Brien, C., 2d; Wood, C., 3d. Time, 10 min. 3 1-5 sec.

Broad jump—Won by Schmidt, W., 20 ft. 10½ in.; Howes, C., 20 ft. 4½ in.; 2d; Banan, W., 18 ft. 6¼ in., 3d.

High jump—Won by Schmidt, W., 5 ft. 8¼ in (new record); Haselton, W., 5 ft. 6¼ in., 2d.; Taylor, W., 5 ft. 5¼ in., 3d.

Pole vault—Won by Gorman, W.; Mayers, C., 2d.; Cary, C., 3d. Height, 10 ft. 3 in.

Shotput—Won by Stanwood, C.; Chaffee, W., 2d; Gallier, C., 3d. Distance, 37 ft. 5¼ in.

Discus throw—Won by Joyce, C.; Gallier, C., 2d; Stanwood, C., 3d. Distance, 120 ft. 3 in.

Hammer throw—Won by Joyce, C.; Haselton, W., 2d; Twitchell, C., 3d. Distance, 122 ft. 2¼ in.

Point score—Worcester Tech 68, Colby 58.

1915 REUNION

June, 1916

The 1915 reunion committee has made extensive plans to have a large number back in June to get together under the famous umbrella. All 1915 men who have not received a copy of the questionnaire should send the secretary their correct addresses and intentions regarding the coming celebration.

A NEW ORDER COMETH

EVERETT LINWOOD BRAGDON

Maine has always been well represented in Tech activities, but we doubt if the Pine Tree State has ever given us a more active man than Everett Linwood Bragdon. "Brag" came to us in the year of 1912, after four years of strenuous preparation at Westbrook High School, brimming over with energy, but a little too unaccustomed to the "ways of the world" at Tech to apply himself at once. However, he wasted no time in sowing the seed of success and for two years he spent all his energy in perfecting the details which go to make up success, by cheerfully putting his best into the everyday drudgery and hardship, which Tech offers to underclassmen. This sterling quality in "Brag's" character made for him a host of friends both among the students and faculty at the Institute.

In his Junior year, "Brag" began setting the pace for the rest of his classmates. His popularity with the electrics won for him an office in the E. E. Society and this led to a later election as senior representative to the I. A. E. E. His consistent work as a member of the TECH NEWS staff, during his sophomore and junior years, found recognition in his election as President of the Tech News Association and appointment as Advisory Editor. His influence in both these positions has been a great help to the organization which in turn has had its effect on all of Tech's activities. The newly organized Rifle Club found a "friend indeed" in Everett, for, from the first he has put his best into this work, helping to build up, in the comparatively short term of three years, a new branch of activities on the Hill, which is now recognized by all Tech men as one of the strongest student organizations. His reward for faithful services was the unanimous election as captain of the Rifle Team, in which capacity he served this winter, working up much interest in the club through the interclass matches which he inaugurated.

When the junior year began to draw to a close, and the class of 1916 began to realize its coming responsibilities, it looked over its membership for men to compile its class book, the "Aftermath," and came to a logical choice in selecting "Brag" as editor-in-chief. He has fulfilled this trust to perfection and through his untiring efforts, one of the best class books in the history of the Institute is being sent to press. Recently 1916 called Everett to its colors again, by electing him as class historian.

"Brag" is one of the best workers Tech has ever had and his graduation will leave a gap in the ranks which will be hard to

fill. In all his comings and goings, during the four years he has been with us, he has always been the same cheerful, loyal Tech enthusiast, faithful to every trust and now as we part with him we wish him every success possible. "Brag" is a member of the senior honorary society, "Skull."

SECOND TEAM BEATEN AT SUFFIELD

In spite of fine playing, the Tech second team was beaten by the Connecticut Literary Institute by a 6-1 score. No hits were scored against Fenn during the first four innings but his delivery was solved for many safe hits in the last five.

Tech scored a run in the first inning on clean hitting but the team was unable to bring in another run. Fast fielding kept C. L. I. from scoring until the fifth, when they got one run. Two runs in the sixth and three in the eighth completed their score. The lineup for Tech was:

King 2b, Russell rf, Morse 3b, Kalagher lf, Bragdon 1b, Atkinson ss, Haycock c, Fenn p, McDonald cf.

Fifty of Dartmouth's undergraduates have enrolled in an "Independence League." This society has for its purpose the opposition to the introduction of military training into the college curriculum.

In a competition with Harvard, Columbia, Dartmouth, Penn State, and Pennsylvania, the Princeton Glee Club recently won the intercollegiate trophy.

According to statistics 600 graduates of the University of Pennsylvania are actively engaged in the European War.

John J. Desmon, '14, has accepted a position with the Bridgeport Brass Co., directing the finishing of raw materials including rods, tubes and the like. Mr. Desmon has been brass inspector for the Souther Engineering Co.

In the Journal of the American Chemical Society for March, 1916 is an article by Dr. E. K. Strachan of the University of Minnesota, graduate of the institute of the class of 1908. The article is entitled "Nonideal Solutions. The Activity of a Difficulty Soluble Component," and is the result of a series of experiments carried out by Dr. Strachan.

PERSONAL

Mr. Sidney W. Farnsworth, '06, has been transferred from the Railway Engineering Division of the Westinghouse Electrical Co. to the Research Division.

EXCHANGE NOTES

The Institute Committee of M. I. T. is considering the adoption of an honor system.

Wesleyan has recently published its baseball schedule. It contains sixteen games of which seven are to be played at home.

Northwestern University has suggested to the mayor of Chicago that it give a course in elementary political education to using the policeman.

Carnegie Institute of Technology recently held a well attended War Relief Benefit.

IN TENTH PLACE

Rifle Team Near End of Class B List

In the final standing of the intercollegiate rifle teams of the country Tech was rated in tenth place among the 13 teams of Class B. Three Class C teams made better scores than Tech, who will therefore hold her place in Class B for next year's competition. The Michigan Aggies, leader of Class A teams and winner of the intercollegiate trophy, score 12,998 out of a possible 13,000, as near a perfect record, probably, as has ever been made by any team of any grade of club. University of Michigan was awarded a special prize for leading Class B, and the Class C title was taken by Columbia with a score of 12,654.

The Class B standing follows:—

U. of Michigan	12,831
Notre Dame	12,825
Princeton	12,740
Maine	12,734
Kansas State	12,682
Idaho	12,675
Nebraska	12,663
Wisconsin	12,643
Yale	12,628
W. P. I.	12,588
Mississippi "Aggies"	12,489
Oklahoma "Aggies"	12,121
Arizona	11,505
