Abstract

In order to complete my WPI IQP requirement and my necessary student teaching hours for a Massachusetts Education License in High School Math, I had the opportunity to student teach at Doherty Memorial High School in Worcester. This semester gave me the hands-on experience I needed to improve my teaching skills and develop my identity as an educator. This semester included the unique challenge of online teaching due to the COVID-19 pandemic. The attached e-portfolio details my student teaching experience.

Acknowledgements

Student teaching this semester would have been impossible if it was not for the support I received from my school, professors, and mentors. First, I'd like to thank Phil Spellane, my mentor teacher. I was lucky to have the opportunity to learn from an experienced, passionate educator. Even during these unprecedented times, he was able to teach me so much about working with students and being an effective teacher. Next I'd like to thank Shari Weaver and Jacklyn Bonneau for their support throughout this experience. Their love of teaching inspires me, and their invaluable advice, expertise, feedback, and support helped me grow over these twenty weeks. Lastly, I'd like to acknowledge Worcester Polytechnic Institute and specifically WPI's Teacher Preparation Program. Without this school and this special program, I wouldn't have had the chance to start doing what I love.

Table of Contents

Page 1: Introduction

- Explanation of WPI's Teacher Preparation Program
- My motivation to teach

Page 2: Background

- Massachusetts Education Reform Act of 1993
- Every Student Succeeds Act

Page 3: School Overview

- Demographic information about Doherty Memorial High School

Page 4: Essential Overview of CAP

- Description and evidence for the Seven Essential Elements of CAP
 - Subject Matter Knowledge
 - Well-Structured Lessons
 - Adjustment To Practice
 - Meeting Diverse Needs
 - Safe Learning Environment
 - High Expectations
 - Reflective Practice

Page 5: My WPI Education

- Description of my pedagogy courses
- Description of select Math courses

Page 6: My Classes

- Descriptions of the courses I student taught

Page 7: Instructional Materials

- My lesson plans and instructional material broken down by class and unit
- Examples of student work
