

SEAN SUMME,

2/28

I received your check and signature page on Friday and deposited it yesterday. Thank you for turning it around quickly. We are getting a check off to Terry today and after preparing the tax return for CURT II for 2005, the only thing open item left should be the final tax return for 2006.

As this card states, the real purpose of my writing is to thank you for your help in paying my portion of my note. If it were not for Terry's, Carl's, and your

willingness to help me pay the note, I would have been in real trouble to do so in the reasonably near future. Please accept my humble gratitude and deepest appreciation.

Thanks for saving my ass.

Sherman

P.S. Since Marge won't let you drive down here, I will drive up to Dillon so we can have bread together in the next month. It would be my privilege.
