

# CUT COSTS WITH- OUT CUTBACKS

**Mole Valley District Council is offering free consultations to businesses to assess your potential energy savings.**

Consultations will be conducted by two students from Worcester Polytechnic Institute in Massachusetts. They will produce a practical action plan tailored to your organisation's needs to help:

- Review your energy usage
- Identify energy-saving opportunities
- Define practical 'next steps'
- Calculate payback period
- Highlight potential savings of up to 20%
- Recommend sources of funding (e.g. Enhanced Capital Allowance)

**Some recommendations will involve no capital outlay.**

Submissions of interest should be sent by email or phone:

Email: [sustainability@molevalley.gov.uk](mailto:sustainability@molevalley.gov.uk)

Phone: 01306 879352

*The surveys will take place between mid-March and the end of April 2011. The number that can be undertaken during this period will be strictly limited; appointments will be made on a first-come, first-served basis.*
